

PE sump pallets [PG 9]

PE sump pallet 240 with general construction inspection approval no. Z-40.22-380

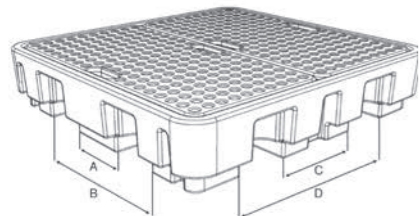

- manufactured from high quality polyethylene (HD-LMD)
- high chemical resistance
- removable perforated plate
- forklift-accessible on all four sides (240/4)
- forklift-accessible on two sides (240/1, 240/2 and 240/4e)

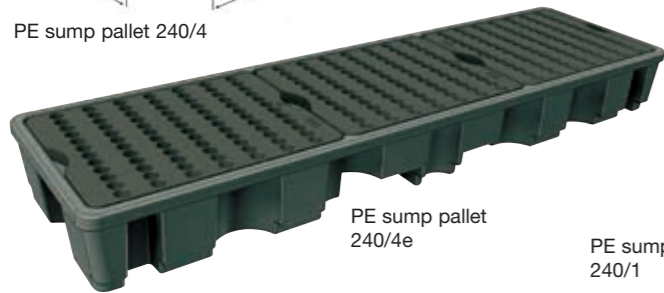

PE sump pallet 240/2

Accessory: access ramp for PE sump pallet 240

PE sump pallet 240/4

PE sump pallet 240/4e

PE sump pallet 240/1

PE sump pallet 240/4

PE sump pallet 230/2 with general construction inspection approval no. Z-40.22-380

- manufactured from high quality polyethylene (HD-LMD)
- high chemical resistance
- suitable for Euro-pallets (1200 mm x 800 mm) and plastic pallets of similar size
- loaded pallets may be placed by a forklift directly on the tray (PE perforated plate is not required)
- forklift-accessible on two sides
- PE perforated plate with inspection access (optional as an accessory)

PE sump pallet 230/2

PE sump pallet 230/2

PE sump pallet 230/2 with PE perforated plate (accessory)

PE sump pallets

Small PE container/laboratory trays HD [PG 9]

Small PE container/laboratory trays with general construction inspection approval Z-40.22-548 and Z-40.22-549

- small container/laboratory trays from polyethylene
- fully recyclable
- can be used with/without perforated grating
- stackable for space-saving storage/transport
- non-slip plate surface
- maintenance friendly
- designed for Euro-pallets
- trays can be connected to form a surface protection system, see p. 147

PE sump pallet 25^{HD} with and without PE grating

PE sump pallet 25^{HD} with PE grating as laboratory tray

PE sump pallet 60^{HD} with PE grating

PE Container/laboratory trays HD - RG without approval no.

- manufactured from high quality recycled polyethylene
- suitable as a collection tray for materials not hazardous to water or for uses for which no approval is required
